

Hello from  !

Have something on your mind? Our customers are always welcome to share their thoughts with SES. However, we wanted to give you another way to express your opinions – with the new SES Customer Comment Line! The number is:

1-877-444-0421.

You can give us input on programs we have in place, make suggestions on how we can help improve our business together, inform us of a great idea you have or let us know anything else you can think of!

You have the option of leaving your name and number to receive a call back, or if you'd prefer, you can also remain anonymous.

As always, we continue to strive to provide a ONE call solution. This is just one more way we are here to serve you.

We hope you will take this opportunity to let us know what's on your mind. When creating this new way of communication, our goal was to gain three valuable pieces of information: to learn what you want, to understand what you need, and to know how we can make your business life easier and more profitable.

After all, you are the reason for us to still be here working, growing and serving you. We've always said that at SES, "the difference is the way we do business," and we believe it's still true.

Best regards,

Your SES Sales Team
